

- The drawing illustrates a drainage system layout. Key components include:

 - Pipes and Manholes:** Various pipes (e.g., 'kanalizacja deszczowa', 'kanalizacja sanitarna') and manholes (e.g., 'kolektor', 'kolektor 1500') are shown with their respective diameters and depths.
 - Catchment Areas:** Different catchment areas are delineated, with labels such as 'zlewnia' and 'zlewnia 1500'.
 - Scale and Orientation:** A scale bar indicates a ratio of 1:100. A north arrow is present in the upper right corner.
 - Labels and Dimensions:** Numerous labels provide specific details about the system, including pipe diameters (e.g., 'Ø150', 'Ø200'), depths (e.g., 'Rz.d.=105.24'), and catchment area dimensions (e.g., '100.00', '100.00').
